

Proceedings of the Grand Council of the American Order in Kentucky.

The Grand Council commenced its session in Frankfort, on the 23d inst.—It met at 10 o'clock, A. M., in the Old Fellows' Hall, Grand President Bartlett, presiding, and Grand Secretary Madeira acting in the discharge of his office.

On motion, a committee on Credentials was appointed, consisting of G.W. Gist, A.H. Jamieson, I.T. Martin and A.D. Madeira.

On motion of Judge Goodloe, a committee of one from each Congressional district was appointed to recommend to the Council delegates to the National Convention, and electors for the several Congressional districts, and for the State at large; which committee was composed as follows: W.C. Goodloe, T.L. Jones, W.S. Downey, W.W. Trimble, Henri F. Middleton, Geo. C. Rogers, W.W. Metcalfe, C.W. Gilmore, J.Q.A. King, and E.W. Worsham.

The committee on Credentials reported delegates from 71 counties, entitled to seats in the Council.

The Council was then declared adjourned.

The President read a letter from Rev. C.B. Parsons, resigning the office of Grand Chaplain.

On motion Rev. Cadwalader Lewis, of Franklin, was unanimously chosen his successor.

On motion of W.C. Anderson, of Boyle, the following resolutions were adopted:

Resolved, That a committee of one from each Congressional district be appointed to recommend to this Council two delegates from the State at large for the Presidential nominating Convention, and first and second alternates for each; and to recommend two persons for electors, and two for assistant electors, for the State at large.

Resolved, That a committee of one from each Congressional district be appointed to report resolutions for the action of this Council.

Hon. Geo. Robertson offered a resolution declaring it to be the opinion of the Council that the nomination of candidates for President and Vice President ought to be postponed until about the 4th of July next.

Judge Goodloe moved to refer the resolution to the committee on Resolutions.

A motion to amend by instructing the committee to report against it, was made and lost.

Pending the resolution, the Council adjourned to meet in the hall of the House of Representatives, at 3 o'clock, P. M.

AFTERNOON SESSION.

Mr. Bibb presented a report from the Executive committee, which was received and ordered to be spread upon the minutes of the council.

The report is as follows, viz:

OFFICE OF THE EXECUTIVE COMMITTEE, FRANKFORT, KY., JAN. 23d 1856.

At the last session of the Grand Council, the office of State Secretary was created, and it was made his duty to carry on the correspondence with the various councils, and receive the dues of the same and pay them over to the Treasurer.—Those two officers have relieved the committee of the duties heretofore performed in that respect, and since the August election very little has been done by the committee.

The committee issued a circular on the 15th of September, 1855, addressed to all the counties in the State, informing them of the new regulations passed by the Grand and National councils, and also that the January session of the Grand Council would be held at this place, and the purpose of the same.

The committee beg leave to say, that the American party throughout the Union is daily increasing in strength, and recommending itself to the wise, sober-minded, patriotic, and Union-loving people of the country. Assuming and maintaining a national and constitutional position on the slavery question, and advocating boldly and fearlessly, everywhere, the grand and comprehensive principles of true Americanism in all things, it is gathering to its support the wisdom and talent of the country, and impressing itself upon the hearts of the American people, and its principles must eventually become the policy of the National and State governments. But while we indulge these high hopes, we must not be unmindful of the extraordinary efforts being made by our enemies. We must prepare to meet them everywhere: on the stump, in the halls of Congress, by the press, and by every means of communication with the people—we must organize now, thoroughly, and overcome them in the field of 1856. Already they have proclaimed that they intend to elect a President, and even carry Kentucky, in November. Let us go to work in earnest, and see that our victorious banners continue to float in triumph to the breeze.—Kentucky, true to all her history, and ever loyal to the Union, has taken the lead upon the great questions of the day. In August last, although forsaken of her mother, Virginia, and laboring under other disadvantages, she won the most brilliant victory of the year. She now presents a united, unbroken, and victo-

rious phalanx to the enemy. Her legislature is American—her Governor and all of her State officers are American—her Senators in Congress and a majority of her Representatives are all Americans, and the Melchisedek of the American party lives in Kentucky, and is a native son of her soil. All these considered, we think she may, without vanity or pretension, ask the National Convention to choose from among her illustrious sons the commander of the Grand Army of 1856.

The committee return their sincere thanks to the Council for their kindness as expressed in a resolution passed at its last session. In working and laboring for the Order, we have done no more than our duty to our country, to ourselves, to posterity, and to God. We will continue to labor while the kindling of life in our bosoms remains—and neither the vernal pen of the hired calumniator, nor the threats of the assassin, shall ever awe us into silence or deter us from vindicating, with all our energy and zeal, the great cause of American principles.

Judge Goodloe withdrew his motion to refer the resolution offered by Judge Robertson, and offered the following as a substitute therefor:

Resolved, That our delegates to the National and nominating Convention of the American party of the United States, to be held in Philadelphia on the 23d day of February next, be instructed to urge and vote for a postponement of nominations for President and Vice President, and that we recommend the 4th day of July, 1856, as a suitable time for said nominations.

Resolved, That we recommend an open organization of the American party.

Judge Robertson accepted the substitute.

The resolution, so far as it relates to the postponement of the nominations, was opposed by Gen. Pilcher and Mr. Turner, of Montgomery, and advocated by Judge Robertson.

The question being then divided, the part relating to the postponement of the nomination, was adopted by a vote of 100 to 70, and the remainder by an almost unanimous vote.

The following committee on Resolutions was appointed under the resolution adopted in the morning:

W.C. Goodloe, (6th district,) T.L. Jones, (10th,) W.S. Downey, (9th,) W.W. Trimble, (8th,) H.F. Middleton, (7th,) C.C. Rogers, (3d,) W.W. Metcalfe, (5th,) C.S. Gilmore, (4th,) J.Q.A. King, (1st,) E.J. Worsham, (2d.)

The following committee was appointed under the resolution raising a committee to recommend suitable persons for delegates and electors:

Hughes, (1st district,) Buckner, (2d,) Rogers, (3d,) Stone, (4th,) Mallay, (5th,) Addams, (6th,) Todd, (7th,) Frank Kennedy, (8th,) Bruce, (9th,) Rich'd Stowers, (10th.)

The delegations from the several Congressional districts recommended the appointment of the following Delegates, Electors, &c.

[We omit all the names of the Delegates and Electors, except those in this district, for want of space.—Ed. News.]

EIGHTH DISTRICT.—Geo. S. Shanklin, delegate to the National Convention; A. Buford, first alternate; Judge Buckner, second alternate. T. H. Clay, delegate to National Council; R. H. Forrester, alternate. Harry Ward, elector; Jas. Monroe, Dr. Lewis Perrin, and Jas. Allen, assistants.

Mr. Cist, of Montgomery, submitted a resolution declaring it to be the opinion of the council that all persons who support the principles and candidates of the American party should be considered members thereof, whether initiated members of the American Order or not.

Resolutions by way of substitute, amendment, &c., were offered by Col. Buckner, of Christian, Judge Robertson, of Fayette, and Mr. King of McCracken, all of which, as well as the original resolution, were referred to the committee on Resolutions.

Judge Robertson submitted the following resolution with the suggestion that it should lie over until to-morrow:

Resolved, That, consistently with the objects of the resolution for postponing the nominations of the President and Vice President, any expression by this council, at this time, of a preference of any person for either of those offices, would be premature and injudicious.

And then the council adjourned to meet at the Odd Fellows' Hall at 10 o'clock to-morrow.

THURSDAY, JAN. 24, 1856.

The House of Representatives having adjourned at an early hour, the Grand Council met again in the hall of that body. Judge Goodloe offered the following resolution as a substitute for the one offered last evening by Judge Robertson, saying that he offered it as an individual delegate, but in accordance with the instructions of the committee on Resolutions of which he was chairman:

Resolved, That we present the Hon. GARRETT DAVIS to the National Nominating Convention of the American party, as a suitable candidate for the Presidency, at the ensuing Presidential Election.

After some discussion, Mr. Anderson, of Boyle, proposed the following amendment to the substitute:

Resolved, That we present to the American party of the United States as a suitable candidate for the Presidency, the Hon. Garrett Davis; but if the honor should be conferred upon Hon. Millard Fillmore, of New York, or any other good and true American, we stand pledged to give him a unanimous and cordial support.

The questions involved in these several propositions were discussed at considerable length.

The previous question was then moved and ordered.

Mr. Anderson asked general consent to submit a modification of his motion: refused.

Mr. Anderson then moved a reconsideration of the vote ordering the previous question: negatived.

The amendment to the substitute was then rejected.

The vote upon the substitute was then taken by yeas and nays, and resulted in the affirmative—yeas 88; nays 82.

After some discussion upon points of order, the Council, without taking a vote upon the original resolution as amended by the adoption of the substitute, took a recess until 4 o'clock.

EVENING SESSION.

The committee on Resolutions reported the following:

Resolved, That we re-affirm the principles of the principles of the Philadelphia Platform.

Mr. John Lewis, of Franklin, moved the following as a substitute, which was agreed to, and the resolution, as amended, was then adopted:

Resolved, That again the State Council of Kentucky re-affirms the resolutions of the National Council of the United States, known as the Philadelphia Platform, and will sustain them as the basis of its political action, from the profound conviction that they tend to the preservation and perpetuation of the Union, and to the advancement of the best interests of the people of the United States.

Mr. Jas. F. Buckner, of Christian, offered the following resolution:

Resolved, That we instruct our Delegates to the National Council to vote for an open organization of our Order, and thenceforth every native born citizen of the United States, regardless of the fact that he has or has not submitted to the ceremony of initiation in a Council, or elsewhere, who adopts our platform as the rule of his political faith and action, shall be regarded as a member of the American party, and cordially greeted as such.

Mr. C. A. Preston, of Clarke, offered the following as a substitute:

Resolved, That our delegates to the National Council be requested to use their influence to have the three degrees of this Order condensed into one, and that it may be conferred in public.

Substitute rejected and original resolution adopted.

Mr. Shelby Stone, from the committee of ten appointed yesterday to recommend State electors and delegates for the State at large, reported the following: Electors—Roger W. Hanson, of Fayette, and Francis M. Bristow, of Todd. Assistants, John M. Harlan, of Franklin, and Geo. T. Edwards, of Logan.

DELEGATES TO THE NOMINATING NATIONAL CONVENTION.—Geo. D. Prentice, of Louisville, and E. B. Bartlett, of Covington. Alternates—Leander M. Cox, of Fleming, and Thomas Todd, of Shelby.

These recommendations were confirmed by the Council.

Judge Goodloe moved to reconsider the vote by which the substitute recommending Hon. Garrett Davis as a candidate for the Presidency was adopted in lieu of the resolution offered by Judge Robertson.

Judge Goodloe stated that he made this motion at the earnest request of Mr. Davis, and with the counsel of a majority of the committee on resolutions; and his object was to withdraw the substitute.

Reconsidered, and substitute withdrawn.

Judge Robertson then with the original resolution.

Mr. King, of McCracken, offered the following, which was adopted.

Resolved, That the State Executive Committee be authorized to fill, by appointment, all vacancies that may occur for the State at large, or in the different Congressional districts.

Judge Robertson offered the following which was adopted:

Resolved, That the charge of factious agitation and hostility "to civil and religious liberty," recklessly made against the American Party by a Democratic caucus at the National Capitol, and echoed by a late Democratic convention at our own State Capitol, comes with a bad grace from leaders of a sinking party, standing on an anti-Union platform, and encouraging foreign tyranny over the minds of American citizens; and that the charge, thus denounced in the form of party resolutions, is an unfounded calumny on a large majority of the native born citizens of Kentucky, and a majority of the same class in other States, and can be truly considered only as the offspring of either inexcusable ignorance or a selfish ambition for unrighteous power.

Mr. King, of McCracken, offered the following, which was adopted.

Resolved, That we cordially endorse and approve the course pursued by the National American members of Congress from Kentucky, and those who have acted with them.

On motion, it was

Resolved, That the thanks of the American party in Kentucky are hereby awarded to the American editors in the State for their able advocacy of the principles contained in the Philadelphia Platform.

And then the Council adjourned to meet at Lexington in August next.

E. B. BARTLETT, President.

A. D. MADEIRA, Secretary.

Resolutions Adopted by the Delegates from the 10th District.

The Delegates to the Grand Council from the 10th Congressional District adopted the following resolutions at their meeting on Wednesday:

Resolved, That a committee of five be appointed to prepare a plan for the bet-

ter organization of the party in the Tenth Congressional District.

Resolved, That for the purpose of receiving and considering the report of said committee a Congressional District Convention be held at Crittenden, in Grant county, on the third Tuesday in April next.

Under the first resolution, the following committee was appointed: J. D. Pollard, of Grant; John W. Fennell, of Kenton; A. W. Holeman, of Owen; George Pryor, of Trimble; and Joseph Doniphan, of Bracken.

Messrs. Roger W. Hanson, Jas. Harlan, W. B. Mason, W. S. Rankin, John W. Fennell, and W. E. Arthur are expected to be present and address the convention.

Wonderful and extraordinary cure of rheumatism of twenty years' standing.—Never in my life have I had so much pleasure, in doing any thing as in giving this certificate to the world, and I hope it may be the cause of thousands of my fellow creatures being relieved from that dreadful disease, rheumatism. My wife has been afflicted with it for twenty years, most of the time suffering excruciating pains in every part of her body. Having no appetite whatever, she was reduced to almost a skeleton. So violent were the pains that she seldom could sleep without taking large doses of opium. Every joint was swelled very much, and her knees, hands, and neck, covered with large lumps. She could do no kind of work, the sinews and muscles being so hard and contracted that her limbs were drawn together so that she was obliged to be in bed constantly. In this condition she had been for twenty years, without ever getting any relief from every thing she used, until she commenced the use of H. G. FARRELL'S ARABIAN LINIMENT, the first bottle of which produced a great change. She has now used five bottles, and the swellings have nearly all gone down; pain has entirely left her, she sleeps well and soundly, is more fleshy than ever she was in her life, has an excellent appetite, and spins and sews all day. By the use of a few bottles more she must be as well as she ever was. If any one doubts this wonderful cure, he has only to call at my residence near Peoria, and learn the circumstances from my wife's own lips, or he can further inquire of any of my neighbors.

SAMUEL ELSON.

H. G. Farrell's Arabian Liniment is also an excellent remedy for palsy, sprains, bruises, chills, burns, pains, toothache, sore eyes, etc., and in horses or cattle is the best remedy in the world where an external application is required.

SCOTT'S LITTLE GIANT

THIS Mill has doubtless attained a more sudden celebrity for doing its work rapidly and easily than any other article of labor-saving machinery ever presented to the agricultural world. Some 4000 have already been sold in Kentucky, and the demand for Cincinnati alone; and so far as is known, have given satisfaction. For portability, simplicity of construction and convenience of use, it has no equal. It weighs from three to five hundred pounds, according to size, can be adjusted and used with convenience by any one. The little giant has received the First Premium at every State Fair from Missouri to Maryland the past fall, and that in the most complimentary manner.

These Mills are guaranteed against breakage or derangement sent, and warranted to grind feed from our corn and grain into hominy from shelled corn, with a degree of care and convenience for Farm purposes never attained before.

Little Giant No. 2 is offered at \$40 complete, ready attaching the team, and warranted to grind 10 bushels of feed per hour with one horse. No. 3 at \$50 will grind 10 to 15 bushels per hour; No. 4 at \$60, will grind 20 bushels per hour with two horses.

Manufactured by Scott and Hedges, No. 9 Water st. Cincinnati.

On hand and for sale by Wm. S. McCreary, Cythiana, Ky. Bedford & Tucker, Paris, Ky. O. M. Gains, Georgetown, Ky.

DRUGS! DRUGS!!

BEING in receipt of an additional supply of DRUGS, CHEMICALS, PAINTS, OILS, BRUSHES, VARNISHES, WINDOW GLASS, etc., etc., selected in person in the eastern cities, we would respectfully invite the attention of Physicians, Country Merchants, and Dealers in the above articles generally to call and examine our stock before purchasing elsewhere.

We please every one to give every one who may think proper to deal with us satisfaction as to the quality and price of the article.

The impression heretofore so very prevalent that no Kentucky within 20 or 30 miles of this flourishing little city could purchase Goods at any rate near the Cincinnati prices, has of late been repeatedly contradicted by persons who thought proper to purchase of those living within their own borders. This is not the case only in the case of business, but every other merchant, what ever his business may be, has found it necessary to increase his stock to supply the demands. We purchase in the same markets as our neighbors, and on the same terms; our expenses and our taxes are by far less than theirs; why we cannot, but will be always attended to, forthwith, and shipped as per direction.

Prescriptions carefully compounded with neatness, accuracy and dispatch, as heretofore.

THE GREAT DISCOVERY.
KROLLERION!
 FOR CURE THE HAIR!
 FOR many years it has been the object of deepest study with chemists and others, to produce a fluid that would cause the hair to grow and curl equal to nature's own. The Krollerion is the result of this study, and it is a great discovery. It is a fluid that will cause the hair to grow and curl equal to nature's own. It is a fluid that will cause the hair to grow and curl equal to nature's own. It is a fluid that will cause the hair to grow and curl equal to nature's own.

THE KROLLERION
 Is the only article ever offered to the world that will effect this most desirable object. But three or four applications are necessary to cure the hair much as you desire, and for any length of time. From this many testimonials are given, and the Krollerion is a great discovery. It is a fluid that will cause the hair to grow and curl equal to nature's own. It is a fluid that will cause the hair to grow and curl equal to nature's own. It is a fluid that will cause the hair to grow and curl equal to nature's own.

CARTER'S SPANISH MIXTURE.
 The great Purifier of Blood.
 Not a particle of mercury in it. Let the afflicted read the following:
 An infallible Remedy for Scrofula, King's Evil, Rheumatism, Obstructions, Catarrhs, Eruptions, Pimples or pustules on the Face, Blisters, Boils, Aches and Fever, Chronic Sore Eyes, Ring Worm or Tetra, Scald Head, Enlargement and Pain of the Bones and Joints, Stomach Ulcers, Syphilitic Disorders, Lumbago, Spinal complaints, and all diseases arising from an Impurity of the Blood.

THE BOWEL.
 All of the common pills of the day called Vegetable, Laxative, and Cathartic, are full of mercury, and they act upon the bowels by irritating the mucous membrane, and causing an evacuation of the bowels. The Bowel is moved by eating something that disagrees with the system. This is a very unnatural method of relieving the system, and it is a very dangerous method of relieving the system. It is a very dangerous method of relieving the system, and it is a very dangerous method of relieving the system.
